

While you smoke and after you smoke—COMFORT!

You don't care how good a cigarette may taste if, while you are smoking it, that cigarette burns your tongue or "catches" you in your throat.

Fatimas have a good taste but they don't do that—they're cool and comfortable to the throat and tongue while you smoke them.

And better yet, Fatimas leave you feeling

comfortable afterwards. You can smoke Fatimas more freely than any other cigarette we know anything about without having any heavy or "mean" feeling of having smoked too much.

That's why they're so SENSIBLE.

Try Fatimas—right NOW—and prove for yourself how SENSIBLE they are.
